

Organize New Civic Group In Gardens

With the idea of maintaining and improving the property value in their community, residents of Allied Gardens got together early this month and formed the Allied Gardens Property Owners Association.

Under the direction of temporary president J. Cartwright, 5514 Clearsite St., the group plans to improve street lighting, drainage, and parway development. Members already have discussed these problems with the City Council.

Other temporary officers heading the new association are Mrs. William H. Febrey, executive secretary; H. Lieberman, publicity chairman; and Mrs. S. Waterman, program chairman.

Permanent officers will be elected at the next session, to be held Monday, Sept. 28, if there is enough representation from the area, Mrs. Febrey said. Anyone interested is invited to attend.
